Giant Dirigible Crosses Equator for First Time and Makes Bow to Southern Hemisphere—Pernambuco Hails Her Arrival With Furious Blasts of Sirens and Whistles—Brazilians Excited

Completes Trip From Seville in Sixty Hours

PERNAMBUCO, Brazil, May 22.—Flying over the route of the Spanish conquistadores, the dirigible Graf Zeppelin for the first time crossed the Equator and made her bow to the Southern Hemisphere tonight. Garnished with new transatlantic laurels, the world-circling airship reached the southern side of the New World just before the twilight set in.

At 7:10 p.m. (5:10 p.m. EST.) her ropes fluttered to the ground, where they were seized by Brazilian soldiers. Amid a furious din from thousands of spectators and a bedlam of horns and sirens, she was snugly tied up to her specially built mooring mast. The ship was moored at 8:05 p.m.

DELIRIOUS EXCITEMENT
Northern Brazil was delirious with excitement over the Graf's newest achievement tonight.

Pernambuco hailed her arrival with furious blasts of sirens and whistles from factories and ships. People swarmed out of their homes to point at the strange shining shape in the sky. The streets were checked with shouting, gesticulating people.

Over the city and the harbor, about 1,000 feet aloft, the majestic silver bullet gracefully sailed. At 6:30 p.m. she circled over Campo Giquia, the landing field, and then made off southwards for a cruise of half an hour.

Presently she returned over the field, with her lights winking down through the dusk, and glided down towards the mooring mast from an altitude of 600 feet.

Negotiations Founder Upon Sudan Issue

LONDON, May 22.—A white paper published tonight disclosed that the breakdown in Anglo-Egyptian negotiations which terminated in London, May 8, was due to the impossibility of finding any formula which would satisfy the Egyptian demand for unrestricted immigration of Egyptian nationals into the Sudan.

The document shows that little difficulty was experienced in negotiations on most points, although there was long discussion regarding defence of the Suez Canal.

At first the Egyptians demanded that the British troops should all be concentrated on the east bank of the canal. They later agreed to the British stipulation for troops to the west of the canal, but no agreement could be reached on the Sudan question.

STORM BLOWS UP IN HOUSE OF COMMONS

House Affirms Right of South Africa to Succeed

CAPE TOWN, Union of South Africa, May 22.—The South African Assembly today passed a motion affirming South Africa's right to succeed from the British Empire if it so desired.

The vote was taken following a speech by Premier Hertzog, who replied to a speech made by General Smuts Tuesday, when the latter declared it would be impossible for South Africa to remain a part of the British Commonwealth without full consent of all other Dominions and the British Parliament.

The Premier today said in his speech that the right of secession was the very cornerstone of its independence and freedom. "If we want to secede, there is only one thing necessary. That is for Parliament to pass a law to that effect."

The resolution approving the recommendations of the Imperial Conference of 1926, with an amendment to the effect that adoption "must not be taken as derogating from the right of any member of the British Commonwealth to withdraw therefrom," was passed 68 to 33.

CLAIM STRIKE IN PALESTINE IS EFFECTIVE

Protest Against British Suspension of Immigration to Country Passes Without Disturbances

SPECIAL PRAYERS WILL BE OFFERED

JERUSALEM, May 22.—The Jewish Telegraphic Agency reports the general strike of Palestine Jewish protesting against the British suspension of immigration to Palestine passed today without untoward incident or disturbances. Reports indicate the strike was completely effective.

The Jewish National Council issued an appeal in the Arabic language to Arabs in Palestine. The manifesto pointed to the peaceful intention of the strike.

THE MANIFESTO
"This day we wish to proclaim the possibility of peaceful common effort of all residents of Palestine. We call on the Jewish people to mobilize all its forces for the realization of the Jewish national home."

The council also telegraphed to Jewish communities in New York, Berlin, Warsaw, Paris, Vienna and other centres, reporting the strike and reasons that led to it and appealing to the Jews for increased efforts on behalf of the national home.

The rabbis have decided that special prayers should be said against the suspension of immigration.

SNOWDRIFT HOLDS UP PASSENGER TRAIN IN ALBERTA

EDMONTON, Alta., May 22.—The strangest freak of the blizzard which swept the greater part of Central and Northern Alberta came to light early this morning, when the Northern Alberta railway train from Lac La Biche pulled into the Edmonton station after being held up ten hours in a snowdrift at Bon Accord, twenty-six miles northeast of Edmonton.

The tremendous drift, which caught the two engines and coaches of the train and held them until released by snowploughs, was estimated to be fifteen feet deep. No one was injured, but some of the passengers received a severe shaking up.

There was no dinner on the train, and passengers suffered from the pangs of hunger until farmers formed a relief ration squad, and arrived at the snowdrift train with coffee and sandwiches.

Indian Leader Appeals to Vast Audience at Bombay to Use Influence Towards Settlement

(Canadian Press Cable)

BOMBAY, India, May 22.—India, as a whole, had another breathing spell today, with no serious disturbances reported. But the air is still heavy with gloom and misgiving. There has been no armistice.

The Government policy has undergone a definite change. No more will the authorities temporize with the civil disobedience campaign. There has been no official announcement of an altered attitude, but the police at Dharasana have been strengthened by a strong body of troops, and detachments of troops today took possession of several places in the Bombay presidency, including Surat, which is deemed a danger spot.

DEPOT RAIDS
The followers of Gandhi made no raid at Dharasana today. A hundred volunteers attempted a raid at the Wadala salt depot, but were easily repulsed, although some obtained a small quantity of salt before the police were fully alive to their activities.

The run on the Indian-owned Bank of India, in Bombay, was continued today, although the European manager continued to deny all participation in the police raid on the All-India National Congress headquarters here yesterday.

And while the country seemed to have adopted again a waiting attitude, the Government today announced a definite movement, Gandhi, who was asked by the Government to return to India, was asked to return to India.

Before she had returned the Air Ministry in London made the announcement that the flight of the R-100 to Canada would be deferred a few days until the Parliament of Canada had concluded its session, probably at the end of the month. The postponement was decided upon after consultation with Ottawa.

TESTED AT ALL SPEEDS
Commander Booth was highly pleased with the airship's behaviour. He said the new R-100-Royce motor engines had been tested at all speeds, reaching a maximum of 80 knots an hour. The reception of weather maps by television apparatus proved satisfactory and augured well for the dirigible's ability to keep in touch with conditions during her westward flight.

The dirigible was signalled to land thirty feet of fabric had been torn, probably due to high air pressure.

HERO OF CAOBA RESCUE COMES TO HOME CITY

Capt. R. Pamphlett, Whose Case Aroused International Interest, Will Be Guest at Dinner

ATTENDED SCHOOL IN LATE SEVENTIES

One of the most picturesque figures at the Boys' Central School reunion dinner this evening will be Captain Robert Pamphlett, famous as the gallant rescuer of the crew of the United States lumber carrier Caoba, under great difficulty off the mouth of the Columbia River, after which his vessel was seized by the American revenue officials, and he was himself imprisoned.

Captain Pamphlett, who resides now at North Vancouver, is an old boy of 1878, under the principalship of Mr. C. C. McKenzie.

It is expected the central figure in an incident which proved exceedingly costly to the master of the Caoba will be asked to speak to the company this evening. He brings to Victoria on this occasion the commemorative watch which is the souvenir of the gallant deed off the Columbia River five years ago.

The incident which brought the Captain's name under international notice occurred on February 3, 1925. The Caoba was engaged in the carrying of liquor, when Captain Pamphlett learned that the United States lumber carrier Caoba was in distress and in danger of foundering.

Gasoline Storage Plant Is Swept by Fire

PERTH AMBOY, N.J., May 22.—Fire broke out tonight in the gasoline storage plant of the Shell Elmer Products Company at Sewa Ren, three miles from here, after an explosion on a lighter loaded with gasoline. First reports said the entire plant was threatened.

The explosion set fire to the lighter, Piley and Kindall, and flames spread to the tanker, City Service of Ohio, and over the docks towards the tanks. Both boats were tied up at the docks in Staten Island Sound.

The plant contains a number of large storage tanks. A refinery is under construction.

DELAY VOYAGE TO NEW WORLD FOR FEW DAYS

Dirigible R-100 Will Not Leave for Canada Until Commons' Session at Ottawa Is Over

TRIAL TRIP PROVES HIGHLY SUCCESSFUL

(Canadian Press Cable)

CARDINGTON, Eng., May 22.—The R-100 finished her trial flight today. "It was entirely successful," in the words of Squadron Leader R. S. Booth, the ship's commander.

Some of the great dirigible's fabric near the stern was damaged, but the Air Ministry described it as a minor defect and the ship's officers here announced repairs would be made quickly.

The airship returned to her mooring mast tonight after a trip which took her over London, where she dipped her nose in a salute to the King and Queen, as they entered Covent Garden Theatre last night; over the East Coast of England and over the central part of the country.

Before she had returned the Air Ministry in London made the announcement that the flight of the R-100 to Canada would be deferred a few days until the Parliament of Canada had concluded its session, probably at the end of the month. The postponement was decided upon after consultation with Ottawa.

CANONIZATION IS APPROVED

Semi-Public Consistory in Vatican—Pontiff Receives Delegation of 150 Canadian Pilgrims

By WILLIAM H. STONEMAN
(Copyright, 1930, by The Chicago Daily News Tribune Service.)

ROME, Italy, May 22.—Canonization of the North American martyrs was formally approved at a semi-public consistory in the Vatican this morning, attended by Pius, twenty-one cardinals, two patriarchs and seventy archbishops and bishops of the Catholic Church.

The ceremony of canonization is scheduled to take place June 29. Those venerated saints include five French missionaries killed by Indians in Canada and three tortured in what is now New York State.

In today's ceremony each cardinal rose when his name was called and pronounced the word "placed," indicating that he approved the canonization. Thereafter the others present cast secret ballots, all of which indicated approval. The entire procedure, including a discussion of the miracles accredited to this martyr, required an hour and three-quarters.

Last night Pope Pius received a delegation of 150 Canadian pilgrims who had previously attended the Bucharist Congress at Carlsbad. Among the pilgrims were forty-four priests, including Mgr. Forbes, Archbishop of Ottawa, and the Apostolic Vicar of Upper Ontario, Mgr. Joseph Hall.

Pope Pius was particularly pleased with the visit and gave the apostolic benediction to the pilgrims, as well as their families, country and homes, and further instructed them to carry the benediction home with them. Many of the group will remain for the June 29 canonization.

Col. F. C. Jamieson Will Oppose Hon. Charles Stewart

EDMONTON, Alta., May 22.—Col. F. C. Jamieson, K.C., was nominated as Conservative candidate for West Edmonton Federal riding at a convention here last night. He will oppose Hon. Charles Stewart, Minister of the Interior, who defeated him in the 1926 general elections by a majority of 1,400.

NEW BISHOP TO ARRIVE ON JUNE 4

Right Reverend Gerald C. Murray Will Have Big Reception in Victoria

TO BE INSTALLED AT ST. ANDREW'S

"The appointment of Bishop Gerald C. Murray to the position of Roman Catholic Bishop of Victoria has given the greatest satisfaction among the Roman Catholics of this city."

Bishop Murray, who was recently consecrated to his office in Montreal, will arrive in Victoria by the 2:30 p.m. boat from Vancouver on June 4.

The programme which has been arranged for his welcoming is as follows:

Wednesday, June 4.—Installation ceremony at St. Andrew's Cathedral.

Thursday, June 5.—Reception at St. Ann's Academy at 11 a.m.; luncheon at St. Joseph's Hospital at 12 noon. On the afternoon of Thursday there will be a sightseeing drive for the visitors, the cars being provided by the Best Motor Company. At 8 p.m. there will be the banquet and official reception by the officers of the naval and military forces of the city, which will be held at the Rex Theatre, Esquimalt.

Friday and Saturday will be given over to the reception of visitors, and so classified, fall within the scope of the Province to build and maintain, without assistance from the municipalities through which these roads pass, constitutes the task which requires the greatest attention and care on the part of Hon. N. S. Loughheed.

Decision has been made with regard to some of these arterial highways in the province, but there still remain others which have not yet been passed upon by the minister.

ON THIS ISLAND
On Vancouver Island it has been decided that the Island Highway from Victoria to Courtenay, where it passes through municipalities, shall be designated an arterial highway, bringing its upkeep within the duty of the Province. In unorganized districts the highway has always been a work which devolved upon the Department of Public Works to maintain.

The same will apply to the Canadian Highway section on Vancouver Island, the portion from Parksville to Port Alberni, which will become an arterial highway in the short sections where it passes through municipalities, namely, Alberni and Port Alberni.

The other arterial highways contemplated for Vancouver Island are receiving attention and an announcement is expected shortly by the minister as to what additional roads in the various municipalities.

HEAVY TRADES MERGERS OCCUR

LONDON, May 22.—Two amalgamations involving some of the greatest firms engaged in the "heavy trades" in the country were announced today.

The two largest steel organizations in the country were united by the merger of the John Brown Company and Thomas Firth's, with joint capital of \$35,000,000.

Three great coal, steel and iron companies joined with a number of lesser concerns in Lancashire, with capital on the new basis of near \$30,000,000. The leading firms in this merger were the Pearson & Knowles Company, Wigan Coal and Iron Company and Darlington Steel and Iron Company.

MEMBER AGAIN NOMINATED

PETERBORO, Ont., May 22.—Mr. W. A. G. M. Peck, M.P., was the unanimous choice of the Conservative convention held here this evening as the party's candidate in the riding of Peterboro West in the forthcoming Federal election. Mr. Peck was the only name submitted.

Hon. H. H. Stevens, former Minister of Trade and Commerce in the Meighen Government, was the speaker of the evening.

Anti-Semitism Outbreaks Occur in Rumania

(Jewish Telegraphic Agency)

LONDON, May 22.—Reports in Rumanian newspapers report that here today about 25,000 Jews had fled into the forests from the attacks of anti-semitic peasants in the vicinity of Marneah, Rumania. Hundreds of others were said to have escaped by train. The Bucharest newspaper Dimineata says that a man named Daniel, about whom priests have spread the rumor he was a Prince Carol in disguise, had inflamed the peasants against the Jews.

Denial was reported to have circulated proclamations calling on the peasants to massacre the Jews.

PREMIER IS UPHELD BY LABOR MEMBERS

Rt. Hon. J. Ramsay MacDonald Wins Overwhelming Victory When Sir Oswald Mosley's Motion of Censure is Defeated by Vote of 210 to 29 at Parliamentary Labor Party Meeting

Claim British Government Is Secure for the Moment

(Canadian Press Cable)
LONDON, May 22.—The Labor Government is, for the moment, safe. A meeting of the Parliamentary Labor party tonight upheld Prime Minister Ramsay MacDonald by an overwhelming vote, the motion of censure, moved by Sir Oswald Mosley, who has resigned as Chancellor of the Duchy of Lancaster, being defeated by 210 votes to 29.

There was intense anticipatory interest in the meeting, as the Prime Minister had let it be known that should the Parliamentary Labor party vote against his Ministry on the question of its handling of the unemployment problem, he would advise the King to dissolve the House of Commons and would put the issue before the electors of the country.

VASTLY DIFFERENT
Tonight's meeting, however, is believed to have been of a vastly different nature to that of yesterday, during which there were stormy scenes and a number of those usually counted as Mr. MacDonald's staunchest supporters rose to question the attitude of Sir Oswald Mosley and to request that his alternative plan for meeting unemployment be given a chance.

The difference is attributed to the effects of lobbying and sober thought. The Ministerialists are credited with having canvassed their following thoroughly and having presented to them the argument that it would be fatal to the political Labor movement to have an election fought now on the issue of unemployment. The Rt. Hon. George Lansbury, First Commissioner of Works, who had originally urged adoption of the Mosley scheme—the contents of which only the Parliamentary Labor party know—is said to have urged the other members who had taken a similar stand to forego their criticism, and to request that the Ministerialists be given a chance.

SAANICH LIST IS UNDER ADVISEMENT

The work of classifying the roads of the province under the plan adopted in the legislation passed last session is now occupying the attention of the Minister of Public Works. In this work the naming of the arterial roads which will, when so classified, fall within the scope of the Province to build and maintain, without assistance from the municipalities through which these roads pass, constitutes the task which requires the greatest attention and care on the part of Hon. REFUSES TO GIVE REPLY TO QUESTION

Clifton Maxwell Declines to Disclose Data Desired at Civic Relief Probe in Vancouver

G. D. IRELAND IS EXAMINED

VANCOUVER, May 22.—Refusing to answer corporation counsel when asked if he knew of others in the relief office redeeming meat tickets, Clifton Maxwell, dismissed clerk-investigator, provided the sole highlight of Thursday's session of the relief department inquiry.

The question came from Mayor W. H. Malkin after Maxwell had been told that no evidence given before the select committee would be used against him at his police court trial. Mr. George E. McCrossan, counsel for the committee, explained that as the case was sub-judice, Mr. Maxwell had the full protection of the Canada Evidence Act.

Following testimony of Maxwell, which explained his personal custody of documents, the property of the city, Mayor Malkin took up the cross-examination.

THE MAYOR'S QUESTION
"Did you ever hear of anyone else in the relief department using meat tickets in the way you did?" His Worship asked.

Maxwell hesitated, made as if to reply, and then questioned by the counsel, Mr. J. R. Nicholson, who requested a short adjournment while he consulted with his client. This was granted. Within a few minutes Mr. Nicholson said:

ARRANGEMENTS ARE COMPLETE FOR REUNION

Committees of Old Boys Have Everything in Readiness for Their Part in Holiday

PUPILS OF 1862 OUT FOR PARADE

The enthusiasm displayed by the members of the various committees attending the final meeting in connection with the Central School Old Boys' Reunion in the City Hall last evening assured well for the success of the gathering to night and tomorrow, as well as for future occasions of a like character. The committees have all given freely of their time and labored ungrudgingly to give the old boys from out of town a reunion worthy of the school, which they will remember when the time for the next call comes around.

The meeting last night was for the purpose of hearing last-minute reports and checking up on the details of banquet, dance, parade and reception. It was divulged during the discussion that the Victoria Boys' Central had a record for public schools, in that three Rhodes scholars had received their public school education there.

The first event on the Old Boys' Reunion programme will be the banquet, set for 6:30 o'clock tonight in the Empress Hotel, at the Premier Table, Hon. H. H. Hinchliffe, Mayor Anson, Mr. J. D. Gillis and Dr. McMillan will be heard in short address. Mr. George Jay being the chairman.

During the dinner, Mr. Herbert Kent will introduce community singing, and interspersing the speech-making, Miss Dorothy Hartree and Mr. Ernest Buttersworth will entertain with vocal selections. Following the dinner there will be hours of dancing, with a good local orchestra supplying the music. The intermission, pupils of Miss Violet Powkes will be seen in a number of pretty dance features. The committee wish to make it clear that this dance is not restricted to old boys and girls of the school, and tickets are available at the door to all who may wish to attend.

In connection with the parade, it was decided to ask all the old boys attending school between 1875 and 1890, and who desire to ride in the parade provided by the committee, to be at Pimley's Garage, Yates Street, at 9:45 o'clock, Saturday morning. A feature of the school section of the parade will be the car preceding the school float, which will be labelled "Burr's School, 1862." Burr's School was a Hudson's Bay Institution, and four pupils who attended this school in 1862 will ride in Saturday's parade.

The reception at the school on Saturday afternoon will continue from 3 until 5 o'clock. There will be refreshments, singing, and the Best Citizen Medal will be presented. Mayor Anson will speak and Chief Factor R. Hiscocks of the Native Sons of British Columbia, will address the gathering, while Miss Neelds, Chief Factor of the Native Daughters of British Columbia, will deliver the medal to the recipient chosen by the combined societies.

STORM BLOWS UP IN HOUSE OF COMMONS

be turned over to them for exploitation," he asserted. The motion calling for adjournment of the House was finally withdrawn by its mover, but it was clear the subject had been discussed by speakers from the Government and Opposition benches, as well as from the U.F.A. and Labor seats. Some of the speeches were fiery, and the demand was made over and over again that the Federal Government cancel the order in council authorizing the construction of the power canal.

SPEAKS FOR GOVERNMENT

On behalf of the Government, Hon. J. C. E. E. Minister of Public Works, declared that the Beauharnois Company was incorporated under a charter of the province of Quebec, and that the Dominion was concerned in the matter only to the extent of safe-guarding the navigation rights on the St. Lawrence. Every possible precaution to safe-guard these rights had been taken, he maintained. No agreement had been made to permit the company to exploit the entire flow of the river, and the diversion had been limited to 40,000 cubic feet per second.

Beautiful Country Estate Is Acquired

MIRALOMA Roberts Bay, the beautiful home of the late Hon. W. C. Nichol, has been sold by the Royal Trust Company, on behalf of the executors of the estate, to Mr. William Edriss, a Seattle manufacturer. This residence is noted for its rustic work and interior decoration. Acquiring a small building on the site, Mr. Nichol had a modern country residence of unique design erected, which he occupied occasionally until his death. The premises have not been tenanted since. Mr. Edriss proposes to reside at the estate as far as is practicable.

and. This diversion would not interfere with the relief office.

COUNSEL INTERRUPTS

Maxwell's counsel interrupted to say the same answer applied. "Is the party in the relief office" corporation counsel then asked.

"I am advised not to answer," Maxwell replied, making his first contribution to the debate.

"Do I understand your client will answer fully and clearly when the case is heard in police court," Mr. McCrossan asked.

"Yes; and I may say, Maxwell told me to say, except as affects his own case, he will assist this inquiry and, further, in so far as his part of the shortage is concerned, he is endeavoring to make full restitution."

IRELAND RECALLED

Recalled to the stand as last witness, George D. Ireland, suspended relief officer, on remand for trial for accepting commissions, told the committee about procedure in cases of property transferred to the city by aged indigents. George Pyke and Maxwell were both notaries public, he said, and handled all documents relative to property.

Until recent charter amendments were passed, the city was unable to assume title to these properties, and they were vested in him (Ireland) as relief officer. He admitted the methods were loose and said the case was a subject of correspondence between himself and Mr. A. J. Pilkington, city comptroller.

Ireland admitted Crescent Beach property should have been deeded to him, in trust, as relief officer.

"The method of dealing with these estates was known to the chairman of the relief committee," Mayor Malkin asked.

"Yes, sir; it was known to them through correspondence."

PURCHASES OF BOOTS

"Did you know about purchases of secondhand boots for relief men?"

"Yes; we considered the advisability of getting good secondhand boots when we saw the relief costs mounting."

"Was it possible for things to be sold from stores without your knowledge?" His Worship asked.

"Yes, but the stores were in charge of a man who was ten years with me, and before that with the board of works. I consider him absolutely honest."

"Did you ever hear rumors of goods being sold out of stock?"

"Yes, sir; I heard rumors that some secondhand dealer was buying things."

"Did you take it up with the storekeeper?"

"No; we agreed it was just gossip. I have no reason to believe in his impropriety."

RECEIVE NO WORD OF TUG VIGILANT WITH SIX ABOARD

PORTLAND, Ore., May 22.—Anchor Tugboat Company officials said today the tug Vigilant, unless lost in a sale off the coast Monday or Tuesday, as reported yesterday, was due to have arrived in San Francisco Thursday. Captain Harry Johnson, former master of the Oregon Pine, and five other men, are aboard the tug, officials said. She was towing an empty barge to San Francisco.

Backaches, headaches, pains in feet and legs, nervousness, restlessness, frequent urination, with burning and stinging, setting up at night—these are some of the more troublesome signs that should have prompt attention before they reach a more serious stage!

Do not think that bladder weakness is a minor ailment. It is a serious condition that may lead to other troubles. If you do not receive swift and satisfying relief, your condition is hopeless or the natural consequence of advancing years until you are first bed-ridden and then helpless.

Fairfield Choral Society to Give Programme Under Auspices of Victoria City Temple

STRING QUARTETTE IS ALSO ENGAGED

The Victoria Day celebration will have a fitting climax under the eagle of the church, when on Sunday afternoon, May 25, on Mount Tolmie, the Victoria City Temple will present the Fairfield Choral Society, 100 in strength, in a sacred concert, supported by a professional string quartette, with Harold Davis at the piano, and under the baton of Major W. Harry Watts.

This veteran leader of the Choral Society is a real veteran, since he has served some forty years in the Canadian Militia, and for three years in the Great War. Besides being a military leader, he has for many years been a distinguished musical figure, and the formation and activity of the Fairfield Choral Society under his direction has shown him to be one of the outstanding figures in the musical world in particular may be justly proud.

Appropriately enough, the organization under whose auspices the Fairfield Choral Society presents its programme, the Victoria City Temple, celebrates its birthday on Victoria Day, and has joined its celebration.

MRS. ELRICK TO PRESENT AWARDS

Wife of Esquimalt Reeve Will Distribute Medals and Trophies of J.B.A.A. Regatta

Following the club regatta which will be held on Saturday afternoon at the George, a monster dance will be carried out at the J.B.A.A. headquarters in the evening, starting at 9 o'clock. Local oarsmen, their friends and the general public are cordially invited to attend the function, which is expected to be one of the most successful affairs in the history of the club.

During the evening medals and trophies captured by the winning crews will be distributed by Mrs. James Elrick, wife of Reeve James Elrick of Esquimalt. Both the Reeve and Mrs. Elrick are keen followers of rowing, and are expected to attend the regatta in the afternoon.

COMMISSIONER BACK FROM TOUR

Sheep Industry Shows Substantial Development in Interior of Province

The situation with respect to sheep raising in the Province of British Columbia has materially improved of late. This is borne out by those who have official connection with ranching areas throughout the country. One of them is Mr. T. P. MacKenzie, general commissioner under the Department of Lands, who has just got back from the southern interior, where he went into the subject of preparations for the present season, especially as it relates to the sheep ranching.

There are now 7,000 sheep in the area visited as compared with 2,300 formerly. This district covered the country south of Merritt and taking in the range territory lying near to Penticton, Princeton and to the Ashcroft country.

CUTTING OF TRAILS
On his recent trip Mr. MacKenzie looked into the subject of the cutting of trails required in the transportation of the sheep to the grazing fields for the summer. These trails are opened out from the winter range, and are used by the breeders, forming a regular cycle each year. Following the summer feeding time the sheep are brought back for placing on the winter range in the fall and for the placing of the remainder in winter quarters.

The carrying of the sheep over the winter is facilitated by the putting up of alfalfa and oats for fodder.

FEED PLENTIFUL
Mr. MacKenzie says that the sheep are in good shape this year. The season has been a little late in opening up, but the feed is now plentiful, and it is remarked upon that in more than the usual number of cases twin lambs have been born, so that the increase in the stock is thus facilitated for another year.

Dr. A. Knight, chief veterinary inspector for the province, has also just returned from the Eastern part of the province, where he was engaged in addressing meetings of the Farmers' Institutes. In the territory between Golden and Windermere he found an increasing number of sheep. They are looking well, and he says there is a decidedly greater interest taken in the sheep industry. This interest in sheep breeding is also manifest in the further interest shown by the farmers in the other lines of livestock raising. There are more beef cattle, and the farmers are also showing quite a marked attention to the production of hogs.

FATALITY INJURED

NORTH VANCOUVER, May 22.—Mr. Charles Olla, aged twenty-three, Langley Prairie, an employee of the Capilano Lumber Company at Camp E, twenty miles north of here, was fatally injured at 8:20 a.m., when a log rolled over him. He succumbed to severe injuries to his head and chest, while on the way to the North Vancouver General Hospital.

Attention of Govt. Called to Menace To Sugar Industry

LONDON, May 22.—The West India Committee of Great Britain, which includes some very prominent political and commercial men, yesterday passed a resolution again calling the attention to His Majesty's Government to the "grave menace to the continued existence of the sugar industry in British West India and British Guiana," resulting from the world overproduction, fostered in many countries by big protective tariffs and other artificial forms of assistance.

Serious social and political problems must arise if sugar cultivation in these parts of the Empire is abandoned or even curtailed, the committee added, expressing the confident hope that the Government would take such steps in the way of supporting the producers, as to avert such a catastrophe.

Lord Elbank (Gleadow Murray) was appointed president in succession to the late Lord Harewood.

Lord Elbank, a former member of the House of Commons, has occupied administrative posts in the Transvaal, the West Indies and British Guiana.

MALAHAT WILL SOON BE READY FOR TOURISTS

Expected Heavy Summer Traffic Will Find Conditions Much Better

MATERIAL HAULED LONG DISTANCE

With more than 100 men and \$50,000 worth of equipment, including power trucks, graders and scrapers at work on the Malahat section of the Island Highway, the Department of Public Works anticipates having this famous scenic driveway in fine shape for the rush of tourist traffic, which usually commences about the middle of June. This large force of men has been at work for weeks in improving the road. New alignments have been made in places, grades have been improved and the road has been widened in many places. It is the statement made by Hon. W. A. McKenzie, Acting Minister of Public Works.

A great deal of work has been done on the Malahat in the past three seasons. Originally designed for horse-drawn traffic, the increased travel and heavy demands have been met by the introduction of modernized travel and the development of tourist trade, necessitated the general improvement of the road.

At the same time as work has been proceeding, the highway had to be kept open. This, in addition to the general character of construction work has made the project a most difficult one. The introduction of modernized travel and the development of tourist trade, necessitated the general improvement of the road.

MR. T. D. PATTULLO OFF FOR VERNON

To Ascertain Views of Association as to Whether North Okanagan Seat Will Be Contested

VANCOUVER, May 22.—Mr. T. D. Pattullo leaves for Vernon tonight to ascertain the views of the local Liberals as to whether the North Okanagan seat should be contested. It is said the decision was one for the local association.

VERNON, B.C., May 22.—The resignation of Mr. W. P. Kennedy, member of the legislature for North Okanagan, while not exactly a surprise, is creating considerable interest through his constituency. Rumors of his appointment to a seat on the three-man liquor board have been current for some time.

This morning Mr. Kennedy refused to resign, and said that he was other than admitting that it had been accepted and dates set for the by-election.

Indicia are that Mr. George Haggie, Vernon rancher and president of the Conservative Association, will likely be tendered the nomination. Dr. K. C. MacDonald, veteran of many battles in the provincial arena, seems the logical opponent of Mr. Haggie, if he chooses to accept nomination.

PREMIER IS PLEASED

OTTAWA, Ont., May 22.—"We are very pleased that the United States Government has appointed Lieut.-Colonel Macnider as a successor to Mr. Phillips," commented Rt. Hon. W. L. Mackenzie King last evening. "We will give Colonel Macnider a cordial welcome to the capital of Canada."

Right of Communist

TORONTO, Ont., May 22.—A Communist has as much right to declare his views in public as a Liberal or a Conservative, so long as he keeps within the law, stated Judge Denton, in Court of General Sessions yesterday, in charge to the jury trying Charles Sims, general organizer of the Communist party, charged with obstructing the police on March 8, during a local meeting.

Judge Denton stated that police should not arrest a man simply because he was a Communist. A constable had, however, an absolute right to disperse a crowd which was blocking the traffic. "Neither Communists nor anyone else had a legal right to hold street meetings," His Honor said.

Sims was found guilty and fined \$50 with the option of thirty days in jail.

NO ACTION ON PRIVATE BILL THIS SESSION

Measure Would Prevent Discrimination Against Middle-Aged Men on Government Jobs

LABOR MINISTER IS IN SYMPATHY

(Canadian Press)

OTTAWA, May 22.—Owing to difficulties in the way of carrying it into effect, the bill of Dr. J. J. E. Guerin (Lib., St. Ann Division of Montreal) to prevent discrimination against middle-aged men in the employment of labor by contractors on Government jobs, will not be proceeded with this session.

Hon. Peter Heenan, Minister of Labor, told the Commission on Industrial and International Relations he was in sympathy with the object of the bill, but doubted if it was within the legislative competence of the Dominion Parliament. He also pointed out it would not achieve its object.

The bill proposed to prohibit any contractor from entering into any contract of insurance by which an age limit was fixed beyond which the insurance company would not be liable for the death or injury of any employee. It would have applied to harbor commissions as well and would have required the insertion of a clause in every contract entered into by the Government or a harbor commission guarding against the operation of any such age limit.

CORRECT AN ABUSE

The bill, Dr. Guerin explained, was intended to correct an abuse which had become intolerable in the Montreal district. Under the Quebec Workmen's Compensation Act contractors were required to insure their employees and insurance companies demanded a higher premium for men over thirty-five years of age. The result was, men of thirty-eight and thirty-nine years of age were denied work. The contractors used the insurance scheme as a pretext for getting cheap labor, and on most of the public works in Montreal the workers were European immigrants who were working for cents an hour while the current wage was 40 cents an hour.

Mr. Heenan promised to recommend to the Governor-in-Council the enactment of a regulation to prevent any man being discharged from work because of age.

ALIEN LABOR

The discussion then launched into the question of alien labor on Government contracts. Dr. Guerin stated aliens were working on public works in Montreal. The view was unanimously concurred in that Canadian citizens by birth or naturalization should be given the preference on public works.

On motion of Mr. R. S. White (Cons., Mount Royal) the committee approved a report to the effect that the principle of the bill was a good one, but the measure did not go far enough. The introduction of a new bill at the next session of Parliament, which would make provision for a preference for Canadian citizens on public works, was recommended.

MR. T. D. PATTULLO OFF FOR VERNON

To Ascertain Views of Association as to Whether North Okanagan Seat Will Be Contested

VANCOUVER, May 22.—Mr. T. D. Pattullo leaves for Vernon tonight to ascertain the views of the local Liberals as to whether the North Okanagan seat should be contested. It is said the decision was one for the local association.

VERNON, B.C., May 22.—The resignation of Mr. W. P. Kennedy, member of the legislature for North Okanagan, while not exactly a surprise, is creating considerable interest through his constituency. Rumors of his appointment to a seat on the three-man liquor board have been current for some time.

This morning Mr. Kennedy refused to resign, and said that he was other than admitting that it had been accepted and dates set for the by-election.

Indicia are that Mr. George Haggie, Vernon rancher and president of the Conservative Association, will likely be tendered the nomination. Dr. K. C. MacDonald, veteran of many battles in the provincial arena, seems the logical opponent of Mr. Haggie, if he chooses to accept nomination.

PREMIER IS PLEASED

OTTAWA, Ont., May 22.—"We are very pleased that the United States Government has appointed Lieut.-Colonel Macnider as a successor to Mr. Phillips," commented Rt. Hon. W. L. Mackenzie King last evening. "We will give Colonel Macnider a cordial welcome to the capital of Canada."

Right of Communist

TORONTO, Ont., May 22.—A Communist has as much right to declare his views in public as a Liberal or a Conservative, so long as he keeps within the law, stated Judge Denton, in Court of General Sessions yesterday, in charge to the jury trying Charles Sims, general organizer of the Communist party, charged with obstructing the police on March 8, during a local meeting.

Judge Denton stated that police should not arrest a man simply because he was a Communist. A constable had, however, an absolute right to disperse a crowd which was blocking the traffic. "Neither Communists nor anyone else had a legal right to hold street meetings," His Honor said.

Sims was found guilty and fined \$50 with the option of thirty days in jail.

MR. JOHN L. LEWIS AND ASSOCIATES ASKED TO RESIGN

BELLEVIEW, Ill., May 22.—Charging that the officials of both factions of the United Mine Workers of America are in a duel to the utter destruction of the union, delegates attending a miners' peace meeting yesterday, unanimously approved a resolution calling upon Messrs. John L. Lewis, Alexander Howat, Harry Fishwick and their associates to resign.

Mr. Lewis is international president of the old wing of the union; and Mr. Howat is national president, and Mr. Fishwick, Illinois district president of the reorganized body.

The resolution states that "it is obvious that the fight between the factions will inevitably destroy the good opinion which the public has held regarding the institution. It suggests that the miners further go on record as asking all local unions refuse to pay any money to either faction."

The convention claims to represent 15,000 miners throughout Illinois.

COMMISSIONER TAKES OVER TRADE DUTIES

Victoria Is Visited by Mr. J. W. Collins, First Appointee of New Zealand Government

OPPORTUNITIES FOR EXCHANGE

Initiating the policy of the New Zealand Government being represented overseas by trade commissioners, the first selection was that of Mr. J. W. Collins to Canada, and with his arrival here yesterday from the South, Mr. Collins began a study of Canadian industrial conditions. In a chat last evening with The Colonist the new commissioner expressed his thanks for the cordial welcome accorded him by the Victoria Chamber of Commerce and Victoria Branch of the Canadian Manufacturers' Association, in introducing him to representative industries, and also to Premier Tolmie, who had given him suggestive ideas on building up trade with British Columbia.

Former Resident Wins Fellowship

MR. LESLIE GRANT

Of this city, and now attending the University of Washington in Seattle, has just received notice that he has been awarded a \$400 service fellowship at the New York University School of Retailing. This fellowship enables the holder to undertake a graduate curriculum leading to the degree of Master of Science in Retailing.

Mr. Grant is a son of Mr. and Mrs. F. W. Grant, of Chestnut Avenue, and is a grandson of the late Mr. David Spencer and Mrs. David Spencer. While in Victoria he attended the Boys' Central School, the Victoria High School and Victoria College. For the past five years he has been a student at the University of Washington, and is a member of this year's graduating class.

Of this climate he wished to say, on behalf of Mrs. Collins and himself, it appeared to be unusually like that of New Zealand in November, the corresponding month in the Antipodes.

OPPORTUNITIES OPEN

The reason of the Government of his Dominion having decided to follow the example of other dominions, and have trade commissioners stimulate export business was that while 78 per cent of New Zealand's export trade went to the United Kingdom, and other important customers were Canada, Australia, and the United States, there were considerable opportunities for developing export trade, which had not yet been exploited.

AUTOMOBILE BUSINESS

Speaking of the imports of Canadian-built cars into New Zealand, Mr. Collins mentioned the chief types of cars in service, and the comparison with the British cars. Road conditions largely determined the type of cars in service, and there was now an ever-increasing importation of British-made cars (two varieties of which he named), specially built to meet the needs of cars in highway usage. Closely bound up with the use of cars, and New Zealand per capita service was second only to the United States in automobile usage, was the improvement in the highways of the Dominion. Of the petrol tax of 48 cents per gallon, 8 cents was earmarked by the Government for road improvement, and there was also a customs tire tax, which was allocated to the same service. New Zealand now had about 5,000 miles of roads which could be considered as first-class, concrete, bitumen, etc., and 5,000 miles of macadam type. Mr. Collins sees in the trade relations between Canada and New Zealand opportunity for considerable increases in several important lines. In connection with the dairy production of New Zealand, which is the largest export, amounting to \$104,000,000, the new trade commissioner points out that the most rigid inspection under the Government is made of all butter, which enters into the export trade. The butter and cheese going out of the country is all of uniform grade, and must comply with this standard set, before it is allowed to be exported.

MEAT COMPANY TO WHOLESALE LOCAL TRADE

Pacific Meat Company, Limited, Will Open Depot Here in About Three Weeks' Time

MR. P. J. RUSSEL, manager of the Pacific Meat Company, Limited, told The Colonist last night that his company would enter the wholesale field on southern Vancouver Island shortly, distributing from Victoria, arrangements having been made some time ago with the B. Wilson Company, Limited, for storage and freezing facilities at their plant on Herald Street.

These arrangements, Mr. Russel stated, necessitated an addition to the local plant on the Chatham Street side as well as some alterations to the present building, which are now nearing completion. To facilitate the unloading of cars, the platform along the track in the yard has been extended, and the

pipings for the cooling rooms will be installed immediately.

Mr. Russel stated that everything would be in readiness within the next three weeks for the receipt of meats, when his company would be ready to do business from the local depot, with its initial capacity of one and one-half carloads of dressed beef.

Says Condition of Northcott Serious

SAN QUENTIN PRISON, Calif., May 22.—Gordon Stewart Northcott, under sentence of death for the Riverside County "chicken ranch" murders of several years ago, today was taken to the prison hospital suffering from acute appendicitis. Northcott refused to permit an operation and his condition was pronounced by Dr. F. E. Garfinkle, prison physician, as serious. Consent of the prisoner is necessary before an operation can be performed. Northcott was received at the prison, February 12, 1929. He was

BROKE LAW BY STARTING FIRE

FINE OF \$25 ASSESSED IN SAN-ICH COURT FOR VIOLATION OF ACT

Court Hears Poultry Keeper's Tale of Woe—Must Confine Birds at Home

The approach of the season when it becomes dangerous to start fires in the country was signalled yesterday in the Sanich police court, when John Edge was fined \$25 for setting out a fire without first obtaining a permit required by the Forestry Act.

William Bean, for driving without a salesman's slip, was fined \$5. Norman Weaver was charged with allowing his hens to roam at large to the annoyance of his neighbors, whose gardens were said to be injured. Asked by Magistrate George Jay what he had to say to the charge, Weaver replied that for some time he had intended to build a fence but had been so busy that he had put it off. He had lost eighty hens within recent years and had finally told the neighbors that he was not going to raise any more for them and would give up the raising. Asked by the magistrate if it would not be in his own interest to keep his hens at home, and if he did not lose eggs by having them, Weaver said that he lost not only eggs but chickens in that way. People enticed the hens into their woodlands, he alleged. The court gave him one week's time to build the necessary fencing.

HERO OF CAABA RESCUE COMES TO HOME CITY

Continued from Page 1

The American vessel was within the twelve-mile limit. Captain Pamphlett batted down his hatch, and proceeded to the relief of the distressed vessel. He succeeded, despite the storm that was raging at the time, in rescuing the captain and eight men of the crew, at great peril to himself, his crew and vessel. Later in the day the Pescawa was arrested by a United States revenue cutter for having been within territorial waters, and the purpose of such invasion was to save the lives of seamen in distress. The Pescawa was towed into the Columbia River, and then to Portland. Captain Pamphlett was admitted to bail, and when released under bonds was rearrested on a charge of entering the United States without a passport. Later he was tried and convicted, and sentenced to fine and imprisonment. Numerous bodies became active in the matter of securing his release, and among them were the Native Sons of British Columbia, who petitioned the Imperial and Canadian Governments to approach the United States Government on the matter. Eventually the captain was released, but it is known the legal expenses entailed in the fight run into many thousands of dollars.

CLOUD HANGS HEAVILY YET OVER INDIA

Under detention at Poona, made it known that he is being well treated and is setting the opportunity of his incarceration to obtain rest and recruit his health by the institution of a diet such as he knew before his recent active days as head of the nonco-operationist agitation. ON NORTHWEST FRONTIER With Lower India more tranquil, the North is still presenting the Government with cause for anxiety. The Hall of Turangzai, with a large number of his followers, has moved a little nearer to Peshawar, though some of his forces are reported to have suffered from a bombing attack by Government planes. SOMBAY, May 22.—One hundred thousand Indian Nationalists this evening attended a meeting addressed by Mr. J. V. Patel, Mahatma Gandhi's successor as field leader of the Nationalist campaign, who appealed to Liberals to use their influence with the Government for a settlement.

TIME NOT YET RIFE

Mr. Patel, resigned Speaker of the Legislative Assembly, revealed that he had restrained for the time being a raid by 100,000 volunteers on the wall deposits at Wadia. He said the Bombay provincial committee had sought his advice about this, but he had told them the time was not yet ripe.

As the spirit of nonviolence had not gained a complete mastery, he appeared to move with caution. The Satyagrahi, he insisted, had been completely peaceful at Dharasana, and elsewhere. He objected to the use of lathis by police.

GERMAN PUBLIC IS AROUSED BY FRENCH DEMAND

By E. A. MOWBRAY

(Copyright, 1930, by The Chicago Daily Tribune)

BERLIN, Germany, May 22.—The German public has been strongly aroused by the French demand for the destruction of three voluminous airship hangars at Oriskany, near Darmstadt. This is considered the best aviation territory in the world, and is situated in all Germany and the Zeppelin company at Friedrichshafen there. Intended building huge halls in that area. The planes will be destroyed now by the French demands.

As great German flying interests are involved, the German Government has asked the French to be reasonable. The Graf Zeppelin in its present flight to South America, Dr. Eckenauer was asked to land in France on the way back, but I am informed that he will not accept the French invitation if destruction of the hangars is insisted upon.

Central School Old Boys' Dance to Be Held Tonight

Hundreds Will Throng Empress Hotel Ballroom for Big Affair—Special Numbers to Be Featured on Lengthy Programme

Following the monster banquet at the Empress Hotel this evening, the stage will be cleared for the big Central School Old Boys' reunion dance, which will be held from 9:30 until 2 a.m. Hundreds of former pupils of the famous old school will be on hand for the event, which promises to be one of the outstanding successes of the season.

There are numerous dances included on the lengthy programme, and old-timers will be given an opportunity of showing their skill at the lancers, square drills and other favorites of years gone by. Along with these will be many popular numbers for the younger element to show the old-timers the way to do the up-to-date dances.

One of the many features of the programme will be the display of Miss Violet Powkes' pupils. They will include the following: "Mazurka," by the twelve girls who won the Davis & King Cup at the recent musical festival; a sailor's hornpipe; acrobatic dance, tap dance by little Ethel Willis, and a musical comedy tap dance by a selected group of eight.

An augmented orchestra will supply the music, and dress for the occasion will be informal. Tickets will be available at the door.

Mann, D.S.O., M.C., is commanding officer, had a signal honor conferred upon it yesterday with the announcement that Princess Mary is to be the Colonel-in-Chief. The acceptance by the King's daughter of the rank of Colonel-in-Chief was announced through the office of the Secretary of State for External Affairs of Canada. Princess Mary's acceptance being stated to have the approval of the King.

REUNION BANQUET BILLED TONIGHT
Members of 88th Battalion Will Commemorate Departure From Capital City

At 7 o'clock this evening at the Chamber of Commerce, the members of the 88th Battalion will gather to commemorate the departure from the capital city of overseas.

It is fourteen years ago today since this unit marched aboard the Princess Charlotte, twelve hundred strong, on their way to the front lines. From Canada the contingent landed at Otterpool, in England, a camp which will be remembered owing to the heavy rains and mud which were in evidence at the time.

At this point the battalion settled down to hard training looking forward to an early departure to France to become a unit of the famous Fourth Canadian Division, but owing to the heavy casualties at the time the men of the battalion left for the front with the Canadian Corps on June 3, 1918.

Members of the reunion committee are requested to report all ex-members who will be present at the banquet and there a full report is expected previous to the function.

Following the banquet the members of the battalion will adjourn to the Cenotaph, in front of the Parliament Buildings, to place a wreath in memory of their fallen comrades. Ex-members who wish to obtain tickets may do so by communicating with Comrade Jones.

MONTREAL, Que., May 22.—Mr. James M. McCarthy, vice-president of Price Brothers & Company, vice-president and treasurer of the American Freight & Traction Company, New York, died at his Quebec City home this afternoon, after a long illness. He was sixty-six years old.

Bride-to-Be Guest of Honor At Shower

The Misses O'Brien, Wellington Avenue, entertained the Graduate Nurses' Association on Wednesday evening at a surprise shower in honor of Miss Gregory-Allen, whose marriage takes place early in June. The rooms were decorated with festoons of daisies, making a most attractive setting for the prettily appointed supper table with its cream candles and large wedding cake and clusters of columbine in small silver vases. Pink and mauve rhododendrons, tulips and lilac were used in lovely combination about the other rooms, and a beautifully-made little trunk held the miscellaneous gifts, which were numerous and attractive. Mrs. Boak and Mrs. Miller poured tea and coffee, a number of the guests assisting with the refreshments. The Misses O'Brien and their assistants, Misses Bamfield, Williams, O'Connell, Marriott and Mrs. Dickson, were congratulated upon the beauty of the decorations. Among the guests were: Miss Gregory-Allen, Miss Ethel Thornley, Miss Isabel Chaffell, Mrs. E. B. Strachan, Miss Saunders, Miss E. Morrison, Mrs. E. B. Underwood, Mrs. P. BROKEN GLASS—Wet a heavy rag and pat gently the broken glass on the floor. In this way the smallest slivers are picked up without any handling. Wrap the rag in paper and throw it into the ashes.

Scorched—It does happen sometimes in the best of families, but the next time you scorch an article of clothing, wet the scorched spot with clean water and sprinkle with borax. Place in the sun and the scorched stains will soon disappear.

Clean Finger Nails—Never clean the fingernails with a sharp instrument, such as the blade of a knife or a file. It only roughens the inside of the nail and causes it to collect dirt more quickly. Use an orange stick or scrub out the nails with soap, water and a brush.

At the Festival—The next time you use Chinese lanterns for decoration at the bazaar place a little sand in the bottom of each lantern. They will not sway so much and are in less danger of catching fire.

Detail Is Closely Allied to Mode

DETAIL exists only as an integral and inevitable part of the mode—it may no longer appear as an extraneous and perhaps irrelevant bit of trimming, but it must evolve naturally, develop logically from the dress itself. (1) A smart Summer street dress of crepe which features a colorful print design. (2) Patou in this model, sketched by Vogue, shows himself a master of this new use of detail. Black silk crepe is combined with white georgette crepe. The underbust has an embroidered collar that forms a jabot in front and an applied loop at the centre. Its full sleeves are slit at the sides to reveal the applied loop treatment at the cuffs of the underbust. The hips are gently moulded by three bands making a yoke, and the skirt gains fullness from the unpressed pleats, which continue up the back of the bodice as a loose panel. (3) Scallop, a white hat and shoes to match. (Sketch by Vogue).

The monthly meeting of the Colwood Women's Institute was held on Wednesday afternoon in the Institute room. Correspondence read by the secretary included a letter from the hall committee asking the members to be present at the annual meeting to be held June 2, at 8 o'clock. Photographs of the late Mrs. Clarke, presiding officer, and Mrs. Sweetman, who was also present at the organizing of the Colwood branch of the W.I., were received from Mrs. McVicar, Metichon. The use of the institute room for Sunday school purposes was granted by the Institute and hall committee to Mrs. A. L. Nixon. Mrs. Dunsmuir kindly given permission for the garden fete in aid of the Solarium to be held in the park, the date of which will be announced later. Birthday greetings were extended to Miss C. Godfrey by Miss Kelly, and an appropriate verse read. HILL-BAYNE

Given in marriage by her father, the bride was given in white silk georgette in the prevailing style of long waist and falling in points. Her veil was embroidered silk net and was attached to the head in cap shape with a bandeau of orange blossoms. She carried a shower bouquet of mauve sweet peas and fern. Mr. William Ross supported the bridegroom at best man. After the ceremony a quiet reception for relatives and immediate friends followed at the residence of the bride's parents, following which the happy couple left to spend their honeymoon at Victoria and Sound cities.

ARTIST FEATURES MOUNTAIN SCENERY

Mrs. Ina D. D. Uthoff Holds Exhibition of Her Late Work

An interesting art exhibition is being held by Mrs. Ina D. D. Uthoff at 748 Fort Street this week, and many visitors have viewed the pictures which have been hung and which will doubtless attract other art lovers. The majority deal with magnificent mountain scenery near Chilliwack and the Fraser, Mount Cheam being in evidence in the collection.

The artist has included some exceptionally fine poster work, again dealing with the mountains, and throughout her work there is a definite unity of feeling, and an emotional response in pigment to an almost momentary impression. There is the grandeur and mystery of the mountains treated in a strong bold style and at the same time a distinctly sensitive touch. The oils include "Sunrise on Mount Cheam," showing the brushwork in cold blues and pinks. There is an interesting treatment of yellow and yellow greens in the sky of "Cheam," resulting in a delightful scintillating effect of luminosity, which is in striking contrast to the rugged masses of the great mountain. Outstanding among the oils is the pleasing effect of a vast valley lying between the sombre foreground and an overpowering mountain range beyond, which is well suggested in grays and gray blues.

Three water colors make a great appeal: "Road to Rosedale," showing soft luminous sunlight and mingled shadow forms; "October in Sardis," the foreground warmer and therefore in distinct contrast to the cold mountain in the distance; and "The Fraser," a curious composition with warm afterglow of sunlight on the water.

Numbers thirty-four and thirty-five are tempera sketches with a nice color scheme in low values, "Tomahawk," the second of these, being unusually striking. The posters thirty-two and thirty-three, treated with brilliant flat color are unique in their class, and "Harrison Lake," another work of poster type shows an interesting design and clever manipulation of line with a curiously harsh treatment of the shore.

The same subject is treated in black and white, suitable for reproduction purposes. The modeling of the mountains and the brilliant glow of the sunset light and shadow effects is noticeable in the majority of the pictures. In most of which the artist rather favors the subdued, yet very forceful tones of gray, blue and deep reds. There is an attempt to get away from this combination in number eighteen, a brilliant piece of Autumn color. The Parliament Building as seen from Belleville Street in late Autumn is another pleasing subject, treated with an easy freedom and breadth which characterizes Mrs. Uthoff's work.

The reactor was on his way to church when he met the gamekeeper.

er. "Ah," said the reactor, "how is it that I never see you at church?" "Well," said the gamekeeper, "you see, sir, I don't want to make your congregation smaller."

New Thought Temple

A concert is being planned at the New Thought Hall for Saturday, May 31. There will be musical numbers, sketches, dances, etc. The curtain will rise at 8.15 o'clock and an evening of fun and laughter will be tempered by artistic song and instrumental numbers. All are cordially invited.

AFFILIATION SOUGHT

VANCOUVER, May 22—Decision to apply for affiliation with the Canadian Legion was made at a well-attended meeting of the Boer War Veterans' Association here last evening.

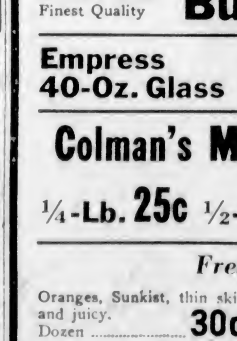

Col. A. W. Foster, D.S.O., president of the Provincial Command of the Legion, assured the Boer War Veterans that they would be made welcome.

Major R. D. MacMahon, president, occupied the chair, and more than ninety active service veterans of campaigns in South Africa were in attendance wearing their medals. Hitherto the association has existed mainly for the purpose of holding an annual reunion, but it has now been decided to take an active part in the veteran movement.

Charlie Chaplin mustaches and kiewpies were all the rage in 1914. Short skirts and wrist watches arrived along with tortoise shell glasses in 1916. Jazz was a 1917 invention. Bobbed hair and polishing noses in public struck us in 1921. Cross word puzzles became a nuisance in 1924. The eighteen-day diet and long dresses came in 1929. What next?

Fashion Fancies

By Marie Belmont

"One would never think the short evening wrap would go over. Visualizing it you might know that, worn with the new flowing, trailing gown, the effect would be awkward. But your vision would be wrong, for in actuality there is nothing lovelier than these new short evening wraps when worn with the gown of the new mode. Illustrated is an interesting example of the new wrap fashioned of white velvet. This version, straight at the front, has a brief swinging cape at the back, attached by means of a V-shape yoke. The tie collar swings around and lies in a casual manner. This wrap proves particularly effective when worn over a gown of black and white printed chiffon.

At The Playhouses

PLAYHOUSE Eric von Stroheim makes his talking picture debut in the title role of James Cruze's all-dialogue feature production, "The Great Gatsby," now showing at the Playhouse Theatre. This is Von Stroheim's first screen portrayal under another director since he became a director himself, fifteen years ago.

COLISEUM Maria Alba, who has made an important part in Universal's all-talking picture, "The Great Gatsby," now at the Coliseum Theatre, received her education in a convent in Barcelona, Spain, where she was born. Included in the notable cast are Charles Bickford, Raymond Hatton, Fred Kohler and Fritz Ridgeway.

COLUMBIA As a sea-girt nation, THEATRE One would expect to exploit naval stories more, but apart from a few naval romances, nothing has been done in this respect. Now, however, Maurice Elvey has made a big sea melodrama, "You Know What Sailors Are," which is now being shown at the Columbia Theatre. Cyril McLaglen and Alf Goddard are the stars of the film, and a fascinating story line is to be seen in the role of the "cause of the trouble."

DOMINION How would you like to see and hear Maurice Chevalier and Evelyn Brent in a slapstick Lubitsch sketch which tells all about the Apache dance? Or Buddy Rogers and Lillian Roth in a bright, new, catchy-singing-love act? These

AMUSEMENTS

On the Screen

Columbia— "Desert Heroes," featuring Charles Bickford.
Coliseum— "Desert Heroes," featuring Charles Bickford.
Domination— "Paramount on Parade," with an all-star cast.

are only a few of the hilarious, enjoyable moments, some in technical color, which set audiences applauding, literally cheering, at the Dominion Theatre last night, where "Paramount on Parade" opened its three-day run.

CAPITOL "Under a Texas Moon," Warner Bros. first 100% talking, singing, outdoor picture in natural color, a Warner Bros. production, opened last night at the Capitol Theatre. "Under a Texas Moon"—first of a double bill with "The Great Gatsby," is unquestionably the most pleasing of the year. The theme song which has the same title as the picture is one of the most melodious and haunting melodies of the year.

Quick Pile Relief

No Salves or Cutting

Pile sufferers can only get quick, safe and lasting relief by removing the cause—bad blood circulation in the lower bowel. Cutting and salves can do this—an internal remedy must be used. HEM-ROID, the prescription of Dr. J. S. Leonard, succeeds because it removes this blood congestion and strengthens the affected parts. HEM-ROID tablets are sold by druggists everywhere, have such a wonderful record for quick and lasting relief, that MacFarlane and Vancouver Drug Stores always sell them with guarantee of money back if they do not end all pile suffering. Why Our Cabs are Preferred
 Our Rate is From 25% to 50% Lower. Yet Our Equipment and Service is Better. Just think, five can ride in the mile circle for 30c; and five can ride ten miles into the country for \$2.50, and five can enjoy an hour's drive for \$2.50. With the completion of his studies he embarked upon a career with all the sparkle and zest which characterizes youth. But in short order he became entangled in the snares and pitfalls of economic pressure which block the road to ambition. This was the story of a young man who, through the kindness of a friend, was introduced to the life of a cab driver. He found it to be an endless struggle, but it failed to stifle that unquenchable spirit which stirred within him. He was not content with the proverb. And so with Bizet, he had scarcely attained his majority when he already directed his eye upon a series of operas with localities in various countries. But regardless of his ambition there still remained the cold fact which forces beginners and composers alike, that they need the cooperation of someone with the faith, courage and cash to vent the production of operas; otherwise the most elaborately planned work could never be brought to the attention of the public. Given these conditions an experienced composer bearing a high reputation for his ability, is more likely to be favored than the novice.

It was this fact which led new-comers to cry that no one would give ear to their work. But a wealthy benevolent Frenchman in 1862 to endow the Theatre-Lyrique in Paris with a substantial fund to aid and assist unknown composers. At once Bizet, when he learned of this fund, visited the director of the theatre and played a few fugitive pieces on the piano for him. The latter recognized their intrinsic merit and forthwith commissioned Bizet to compose an opera, leaving the choice of a suitable libretto to the young composer. The young composer displayed his commission to two librettists who always collaborated, and secured their agreement to write a text with a libretto in far-off Ceylon. The two collaborators ground out the mediocre story of "The Pearl Fishers" for Bizet, and the composer, overlooking the crudities of the plot, set to work with an unflinching zeal even though he was beset with penury and want. This was to be his first opera of any consequence. As a result he invested the weak and banal text of "The Pearl Fishers" with some of the most delicate and original compositions that stemmed from no school of musicians. It was only produced at the Theatre-Lyrique on September 29, 1883, only to be withdrawn after a few performances.

"The Pearl Fishers" was never heard again until 1885, ten years after Bizet's demise, when the Scala opera troupe in Milan unearthed it and presented it in Italian. It registered strongly with the listeners, who helped to spread word around to the various musical organizations that this opera was unquestionably meritorious. Today "The Pearl Fishers" is regularly included in the programs of the majority of real known opera companies.

CHAPTER XIV

With the calmness of despair Crooked Bill scrutinized the photographs that Roberto had enclosed. The one of Don Jaime showed him on a gray horse with a day-old calf draped across his lap.

"Garamba!" murmured Crooked Bill. "This boy's a throwback and as dangerous as they make 'em. What's more he's about ten times smarter than his father—and nobody ever accused old Patrio of being dull. The boy has sized Roberto up right—not the width of a gnat's wing out of line—and he'll win in a walk, as sure as death and taxes, unless I do something and do it 'muy pronto.' I don't want Roberto to marry into a mixed breed like the Higuenezes. They're fine in the business right now and the sooner I get out of it the better for all concerned. Glenn, my boy, fight your fight as you see fit. I'll give you an advance on an advance to the family, I guess you're worth it. He telephoned to his office in New York, instructing him to have a car brought to the drawing-room to Los Angeles, and the following day was en route to consummate the crooked business where P. Burns & Co. contemplated—that of swindling himself! He soothed himself, however, with the reflection that, while he was in the district, under the management of Thomas Later, for Billie Lander, and a well-known member of the association.

The party will then proceed to Vernon where a "get together" has been arranged by Director A. T. Howe.

SUMMERLAND PICNIC
 On Tuesday morning, June 3, an early start will be made for Summerland, and the party will assist in the celebration of His Majesty's birthday at the annual picnic at the Dominion Experimental Station, which Premier Tolmie has promised to attend. The day's programme is in the hands of Director J. M. Landry, who is Superintendent of the station, but it is known that a leading feature will be the second annual party of the Summerland Jersey Club.

Members can join the party at Armstrong on Monday by leaving Vancouver on Sunday night, by either the C.P.R. or C.N.R., and can reach Summerland on Tuesday morning by Monday night's Kettle Valley train from Vancouver. They should get off at Winslow siding, which is the station on the Experimental Station.

Mother—What are you doing with the alarm clock?
 Little Son—I'm taking it in to grandfather. His foot has gone to sleep.

Intercity Ball and Soccer Will Be Features of Programme—Horse Races, Regatta and Road Races Billed for Tomorrow

One of the most extensive sport programmes, and one that has an international flavor, will be presented to the many thousands of fans tomorrow in different sections of the city. From 9 o'clock tomorrow morning until late in the evening, athletes representing different endeavors in the athletic world will be entertaining many holiday fans, who will have cast aside the robes of business worries for a day to enjoy the annual Maytime celebration. The complete programme follows:

9 a.m.—Pro Patria Branch of the Canadian Legion, B.C.L., second annual road race. Starting point at the clubrooms, 625 Courtney Street, and the finishing point at the corner of View and Blanshard Streets.

9 a.m.—Outdoor checker tournament at Beacon Hill Park.

11 a.m.—Yacht races under the direction of the Royal Yacht Club.

11 a.m.—Connaught Cup soccer. St. Savours, Vancouver, vs. Saanich Thistles, Victoria, at the Royal Athletic Park.

1 p.m.—Bicycle races at the Royal Athletic Park.

2 p.m.—Horse races and Canadian Whippet Derby at Willow.

2:15 p.m.—Club regatta by members of the James Bay Athletic Association at the Gorge.

3 p.m.—Intercity baseball. Shores Ltd., Vancouver, Terminal League leaders, vs. Jokers, last year's champions, Victoria, at the Royal Athletic Park.

ROAD RACE. The curtain will go up on tomorrow's sport programme with the Pro Patria Branch of the Canadian Legion second annual road race. Entries have been received from Portland, Vancouver and other outside points and the event promises to be the best yet. There are two events, one for seniors and one for juniors. The former class will get away at 9 o'clock, while the younger runners will start five minutes later. Chief of Police John Fry will be the official starter.

The open air checker tournament at Beacon Hill is expected to provide plenty of keen competition. Alderman W. Worthington has donated a prize to the winner of this event.

CONNAUGHT CUP SOCCER. The Connaught Cup soccer match between the flashy St. Savours, of Vancouver, and the Saanich Thistles, local eleven, at the Royal Athletic Park, is expected to receive a good following. The Mainlanders have a sweet, well balanced team and are favorites to defeat the lads bearing the suburban moniker. However, Manager Jack Ewing, of the Thistles, has his proteges in the best of shape for the game and looks to them to give a good account of themselves.

The teams:

ST. SAVOURS—Alsbury; Bruce, Walters; Cawker, Hogg, West; Curlett, Bradbury, Cook, McDonald and Ashton.

SAANICH THISTLES will be selected from Willoughby, Harwood, Harper, Viggers, Joe Crowe, Jim Crowe, Phillips, Cameron, Minnis, Burns, King and Ewing.

CYCLE MEET. Leading pedal pushers will compete in the seven events on the Victoria Cycling Club's programme which will be presented at the Royal Athletic Park. The riders have been training hard for the meet and keen competition is expected.

At the Willow Park horse racing and the Canadian Whippet Derby will be presented, while "Rocky" Brooks, Victoria lion-man and a clever clown, will present a number of stunts during intervals.

On the rippling waters of the Gorge, members of the J.B.A.A. will be busily engaged in the annual club regatta. A number of strong crews have been selected and rivalry here will be at a high pitch. After many weeks of training the oarsmen are in the pink of condition, and will be striving for club honors in many interesting events.

INTERCITY BASEBALL. At the Royal Athletic Park, Shores Jewelry Store baseball rink, of Vancouver, present leaders of the Terminal League, will play in a twin bill against the Sons of Liberty, and the Jokers, respectively. Shores, who are unable to make the trip, checked in with an 8-3 victory over the Japanese nine on the Mainland on Tuesday night. This is conclusive proof that the jewelry store men know their baseball and should be capable of giving the local clubs plenty of stiff opposition. The first game will be played at 3 o'clock and the second at 6:15 o'clock.

EXPLANATION FOR YESTERDAY'S RIPLEY CARTOON

The Peculiar Word Used by Galileo-Galileo Galilei, the famous Italian astronomer, first turned his telescope upon the planet Saturn in 1610. As he was under ecclesiastical censure he decided to keep his discovery of the planet's peculiarity a secret. To insure his priority in the discovery, he incorporated his discovery in this long word: *Smaismajilmegiboealempjnnenvgtayras*, the key to which lay in his private code.

The Jail in Jacksonville—I have recently featured the fact of the Statue of Liberty being located on a prison. Here is the same paradoxical proposition with the subject reversed. The county prison, city jail, criminal court and municipal court in Jacksonville, Fla., are all situated on Liberty Street.

Mrs. Jackson to Defend Title Against Mrs. Eve

Pair Will Meet This Afternoon in Final for Uplands Championship—Mrs. Saunders and Mrs. Watson First Flight Finalists

her play and her work on the greens was particularly deadly. Mrs. Wilding found trouble with her long game, and hooked herself into considerable trouble. Her approach and putting were excellent.

Mrs. Eve had her second stiff match of the tournament in stopping Mrs. Macfarlane on the eighteenth green. Previously Mrs. Boyd had taken Mrs. Eve to the nineteenth before the latter emerged victorious. The Eve-Macfarlane match was a thriller throughout, with neither player having much of a margin at any time.

Mrs. Saunders and Mrs. Watson won their way to the final of Mrs. Wilding, the former accounting for Mrs. Semple, 4 and 2, and the latter defeating Miss Archibald by the 6 and 4 route, while Mrs. J. E. Lane took the third flight honors from Mrs. P. B. Elliott, 2 up.

Mrs. Prescott captured the second flight prize by stopping Miss Grant by the 6 and 4 route, while Mrs. J. E. Lane took the third flight honors from Mrs. P. B. Elliott, 2 up.

LARGE CROWD EXPECTED AT BOXING BOUTS

Good Advance Sale of Tickets for Fielding-Beck Go at Tillicum Gymnasium Tonight

ROY BAKER WILL REFEREE BATTLES

Judging by the advance sale of tickets and the number of favorable comments being passed about tonight's fight presentation at the Tillicum gymnasium, a bumper crowd will witness the first boxing card here in many weeks. Tonight's show is a diversion from the many wrestling bouts which have been staged here and which have proved fairly popular.

Tommy Fielding, Victoria lightweight, who has been given the headline position, will be making his return after a few months' absence in a Victoria ring. Fielding has been matched with the clever Jimmy Beck, Tacoma glove thrower, in a six that is scheduled to go ten rounds.

Wing Hay, fighting Chinese, and Ray Archer, Tacoma, will appear in the six-round semi-windup. Hay has been going ahead like a fast freight and has won his last three starts. Tonight he will climb over the ropes to meet the flashy Archer in what promises to be an interesting bout.

Tim Keist, popular local glove thrower, and Les Bain, another Tacoma boy, will step four rounds in a special event. Keist has been training hard for the battle and is in the pink of condition.

Johnny Babcock, rugged Tacoma fighter, will throw gloves with "Kid" McCoy, Victoria lightweight, in a four-round preliminary. Babcock is reported as a tough handful for any lightweight.

The curtain raiser, which will start at 8:45 o'clock, will be together Danny Pastore, Victoria rubber man, and Oscar Pete, Tacoma Indian.

Roy Baker, well-known figure in local pugilistic circles, has been named the third man in the ring for all bouts. Doors will open at 7:30 o'clock.

HAGEN MAY PLAY AT BANFF COURSE

Invitation Extended to Barnstorming Pro to Play at Famous Mountain Layout

VANCOUVER, May 22.—Walter Hagen, America's golfing ace, who is now in Japan completing his present tour which embraced Australia, Hawaii, and the Philippines, will arrive in Vancouver June 21 aboard the Canadian Pacific liner Empress of Russia, according to advices received today by J. J. Foster, steamship general passenger agent here.

Hagen, who is at present playing exhibition matches with the Australian and British artists, Joe Kirkwood, in Tokyo, Kobe and other Japanese cities, will sail on the Empress of Russia from Yokohama, June 12. Today an invitation was called to him from Mr. A. M. Devovich, manager of the Banff Springs Hotel, to play an exhibition match on the famous mountain course before returning to the United States after his arrival here next month.

The Banff Springs Hotel course, which never was in better shape, opened May 15 with a new 100,000 pound new wing staged at the golf pavilion and later in the season will be the scene of play for the Prince of Wales trophy.

ELKS WILL MEET JOKERS TONIGHT

Senior Amateur Baseball Clubs to Battle for League Leadership—Forbes and Holden to Twirl

THE coveted first berth position in the Senior Amateur Baseball League pennant race will be at stake at the Royal Athletic Park tonight when the Jokers, league leaders, clash with the Elks, occupants of second berth, at 6:15 o'clock.

In their first meeting the anti-lered crew bowed before last year's champions after a great battle.

Norm Forbes, Elks' first string twirler, will go to the mound in this important encounter. Forbes, in his last performance on the mound, hurled a no-hit no-run game against the Eagles. Tonight he will be given the task of trying to hold the fast moving Jokers nine in check.

Leo Holden, star moundsman, has been named for the heavy work and will go to the hilltop to oppose Forbes. Holden has been doing some very effective hurrying this season and has yet to get a loss checked up against him.

With rival squads at full strength tonight's battle is expected to be the classic of the early season's play.

Jack Matson Sets Fast Pace at Qualicum Beach

Victoria Southpaw Leading Qualifiers in Island Golf—R. J. Darcus Well Up—Time Extension Given Until Today for Late Arrivals

(Special to The Colonist)

QUALICUM BEACH, May 22.—Owing to the non-arrival of several rounds of the island golf championship now being staged at the sporty Qualicum Beach Golf Club, officials decided last night to continue the qualifying round until 1 p.m. today, when all time entered are expected to be on hand.

Jack Matson, long-hitting Victoria southpaw and runner-up to the championship on two occasions, set a fast pace for the rest of the field this morning when he decided to start the test. Matson turned in a brilliant 76, despite a heavy wind, touring the first nine in 37 and the second in 39. His card follows:

"Big Bill" Tilden and Wilbur Coen downed Antoine Gentien and Georges Claser, of France, at 6-1, 14-12, 6-2.

Matson's card will be a hard one for the rest of the field to beat, according to present indications, and he is one of the favorites to sweep through to the championship. In an afternoon practice round Matson toured the layout in 72 strokes.

R. J. Darcus, another strong Victoria entrant, also played his qualifying round and toured the layout in an 80, a score considered good enough to make the select group.

After the remaining qualifying rounds are played today, the first rounds of all time will get away. Qualicum Beach course is in the best shape it has ever been and it presents a real test of golf. The fairways and the tricky greens are excellent.

Wilson Menzies and Edna Herrin Capture High School Honors

Both Show Brilliant Form to Walk With Senior Track and Field Laurels in Oak Bay Institution Meet—Keen Competition Shown

Wilson Menzies and Edna Herrin showed superior form to capture the senior boys' and girls' cups yesterday afternoon at the annual track and field meet held by the Oak Bay High School at the Cranmore Road grounds. Among the older students both competitors were in a class by themselves, and, after

stiff competition, managed to win the coveted trophies. The junior boys' cup will be jointly held by Wilf Loughheed and Frank Leacy, who finished in a deadlock for first place, while Mary Bryden walked off with the junior girls' cup. Chris Usher was runner-up in the senior events by finishing with eleven points, one behind the champion, Christine Partridge and Jane McIlroy, who divided second place laurels in the girls' senior competition, a few notches in rear of the winner.

In the junior competition, the events were sharply contested, and, after careful checking up, Loughheed and Leacy annexed eight points each to finish in a tie. Desiree Seale was the runner-up in the junior girls' competition. Menzies had a great day on the field. He captured the high jump with a mark of 4 ft. 11 ins.; the broad jump at 17 ft. 3 ins., and the hurdles for boys over sixteen. Loughheed and Leacy displayed fine form to end the day in a deadlock in the junior event.

Edna Herrin captured two firsts by winning the 100 yds. and 200 yds. hurdles, besides capturing several second and third places. Mary Bryden was one of the outstanding athletes on the field and her exploits were well received by the large crowd. Her rival, Desiree Seale, also showed up well, but failed to scintillate like the winner. Mrs. N. W. Whitaker presented the prizes following the meet.

The use of Beer is to be encouraged, not only as an aid to digestion, because it tends to increase the flow of digestive fluids and because of its highly nourishing reaction without any deleterious effects upon the human system.

FRANK O'DOUL'S AVERAGE FALLS
Phillips' Slugger Drops to Fourth in Big Six—Rice, Keith and Simmons Gain

Yesterday's heavy slugging ended the hold of the National League on the upper half of the Big Six standing, as Frank O'Doul slipped badly, getting only one hit in seven times at bat, and Sam Rice made four hits in seven times. Rice moved into third place with a 404 mark against 398 for O'Doul. The rest of the order remained unchanged, with the American leaguers rising steadily. Babe Healy and Paul Waner each hit one out of four, dropping to 418 and 415, respectively. Ruth's feat of hitting three home runs with a single tossed in, as he went to the plate nine times, lifted his sixth place average to 367, while Al Simmons remained ten points ahead of him by hitting safely three times in seven times.

HANTS NEED LONE RUN TO TRIM NOTTS

English Cricket Champions Facing Defeat—Derby Almost Sure to Draw With Australians

RAIN INTERFERES WITH MANY MATCHES
(Canadian Press)

LONDON, May 22.—Nottinghamshire, champion English cricket county, faced defeat at the hands of Hampshire when play ceased today at Southampton. Hants required only one more run to clinch victory tomorrow and have five wickets in hand.

The Australians, playing against Derbyshire, put themselves well ahead of the county's first innings, but unless the latter crack badly the match will be a draw. Derbyshire require 136 runs to avoid an innings defeat.

Rain interfered with several matches, notably the fixtures at Lord's and the Kennington Oval in London. Scores in matches at the end of the second day's play today were: Derbyshire, 315; Australia, 248. Somersetshire, 338; Middlesex, 36 runs for one wicket; rain. Warwickshire, 318; Surrey, 87 runs for 20 wickets; rain. Kent, 193 and 377 for eight wickets; declared; Northants, 122 and 47 runs for one wicket. Essex, 285 and 14 runs for no wickets; Gloucestershire, 274 (Lyon 115).

Nottinghamshire, 63 and 226; Hants, 125 and 170 for five wickets; Yorkshire, 322 and 140 for four wickets; Sussex, 321 (friendly). Lancashire, 293 and 58 runs for one wicket; Glamorganshire, 219. Leicestershire, 229; Cambridge University, 15 runs for one wicket; rain.

Captain of Colwood Golf Club
ALEX STRATH
The good-looking chap pictured above needs no introduction to Victoria sports fans, as he is probably the best known local athlete. For years Alex played his hooker, baseball and lacrosse, and was star at each. When he was a boy he was a little too old for these games, but he took to the driving pastime and is now making a good job at it. Alex is the captain of the Colwood Golf and Country Club, which he has been in anything from seven or eight years, and is being showered with congratulations.

English Derby to Be Open Race This Year
Half a Dozen Thoroughbreds Figured to Be Contenders for English Turf Classic, June 4—Final Acceptances Next Tuesday

(Canadian Press Cable)
EPSON DOWNS, Eng., May 22.—The Derby will be run on June 4, less than two weeks from now. It is an open race, so open that even the probable starters cannot be determined, much less the favorites. Leading authorities hesitate to estimate the starting field until after the final acceptances next Tuesday. Earlshill favorites have proved disappointing in the recent races. Roughly speaking, half a dozen colts will provide the chief contention in the blue riband of the turf so far as can be seen at the moment. These include Scout II, a United States bred colt, who won the Newmarket Stakes yesterday; Disraeli, a two thousand Guineas; Ruston Pasha, Caerlon, Strongbow, Writ and Major.

A good indication of how open the race is may be seen in the fact that Scout II, who has attracted a strong following since his victory yesterday, was hardly mentioned as a Derby entrant previously. So far as the leading English colts are concerned, all is speculation. Ruston Pasha, the Aga Khan's strongly fancied entrant, did not race in the Newmarket Stakes. The Aga Khan stated the colt was being reserved for the Derby. "This dispelled reports that all was not well with Ruston Pasha." Sir Hugo Verrier's well-bred Diolite, winner of the first classic, the Two Thousand, at Newmarket, has to be taken into account on that race and on his fine record as a two-year-old. The Two Thousand, however, was over a mile course, and the Derby is a mile and a half. Lord Derby's Caerlon, Lieut.-Col. Giles' Loder's Strongbow, and Orator's Writ, winner of the Craven Stakes, are sure to be prominent contenders. The Aga Khan's Major is another horse to be reckoned with.

Sharkey Best Heavy Since Johnson, Is Leonard's Opinion

Former Lightweight Champion Declares That Boston Gob Is in Class by Himself as Far as Present Crop Is Concerned

By BENNY LEONARD
Retired Undeclared Lightweight Champion of the World

ORANGEBURG, N.Y., May 22.—I have boxed with Jack Sharkey and now I know why he is called an "in-and-out-er." Sharkey is one of the cleverest big men I ever encountered in the ring. The one thing that impressed me more than anything else in my set-to with him was the fact that he did not fall for a feint. In my days in the ring I used to feint lightweights into leads or into false positions. In my boxing with Sharkey I tried these feints and the gob did not fall for them. You might think that was my fault—that I had lost my cunning as a feinter. This may be true, but I doubt it, because, figuring on just this same thing, I boxed four rounds the day previous with some young light boxers and found that I was able to fool them by feinting.

The test of a really good boxer is to feint him and see how he responds. If he falls for it and follows his guard to protect himself against the expected blow, you know he is not a good boxer. This boys that I tried my feinting on were easily fooled. Sharkey, however, apparently knew exactly what to do and I found it extremely difficult to feint him into an opening.

A GREAT HEAVY
Without wasting words, I want to tell you that I believe Sharkey is the best heavyweight boxer the ring has seen since the days of the great negro, Jack Johnson. I know this may sound egotistical, perhaps, because I was unable to feint him into an opening, but I merely am telling you the facts. When I boxed with Sharkey, just to convince myself, I boxed a round with King Solomon and I discovered that the King could not be beaten by my feinting, whereas Sharkey could not. Therefore, I am convinced that the Boston heavyweight is one of the best boxers the big division has had since the days of Jack Johnson.

You must realize, as I did, that Jack Sharkey was not trying to hurt me when we boxed. We agreed, before we started that, if he saw an opening he should take advantage of it and I should do the same. "Boxing with you ought to do me a great deal of good," said Sharkey.

Three Cub Chukkers Stated to Don New Uniforms Shortly
CHICAGO, May 22.—The conduct of Chicago Cub pitchers is causing Manager Joe McCarthy no end of worry as June 15, the time when all cuts will have been made, approaches. The five regulars: Pat Malone, Guy Bush, Hal Carlson, Sheriff Blake and Charlie Root, are almost certain to remain, although only Carlson and Root had winning percentages today. The recruits still possessing Cub uniforms are: Art Teachout, Al

Health and Diet Advice

By DR. FRANK MCCOY

ASPARAGUS AND ASPARAGIN
Asparagus is one of the few perennial non-starchy vegetables which bear year after year. Although the plants are started from seed, they are generally planted into permanent beds which will continue to produce for as long as 100 years, although the best crops occur between the third and sixth years, and the beds are usually replanted after about ten years, as the stalks become smaller in size after this time.

The young and tender shoots are familiar to everyone. The vegetable can be obtained from most of the year, although at certain times it is very expensive. The canned product may, however, be used during the months when you cannot obtain the fresh in your market.

Although asparagus does not contain much nutritional value, it is valuable in the diet because it serves as an appetizer and because it is rich in mineral elements, especially sodium, calcium, potassium and sulphur. Asparagus also contains an odorous substance called asparagin, which stimulates the kidneys and usually passes out of the system quickly. It forms a fairly good test for kidney elimination, as the odor is readily discernible within a few hours after you have eaten a meal of asparagus.

In preparing this vegetable, it should be washed carefully to remove the grit. Sometimes a small amount of dirt sticks under the larger scales, and they should be removed, as well as the toughest part of the fibrous end. When serving

asparagus whole, it is a good plan to tie the stalks in a bundle with all the tips even and cut off the root ends so that the bunch will stand on its base in the pan. Leave about two inches of water, and cover the vessel. The tips will then be steamed and unbroken. The juice may be used for soups and should not be thrown away.

Asparagus may be served either hot or cold, and if you wish a change, try chopping up the raw tips and adding them to salads. Here are a few recipes which I know you will enjoy.

ASPARAGUS AND MILK
Wash the asparagus carefully and cut into half inch lengths, all except the part which is too difficult to cut readily. Place in a pot and cover with hot milk, add a pinch of baking soda, and cook over a slow fire for about twenty-five minutes. Season with a little salt and butter just before serving.

BAKED ASPARAGUS
Wash and cut the asparagus into inch lengths. Place in a casserole and add meat broth or milk to cover.

Put on the lid and bake for forty minutes. Remove the lid and add a tablespoonful of dextrinized flour for each cupful of asparagus. Return to the casserole and bake for ten minutes longer.

CURRIED ASPARAGUS
One bunch of cooked asparagus cut into inch lengths. A sprig of chopped celery, a sprig of chopped mint or watercress, one sliced apple. Take a frying pan and melt three tablespoonfuls of butter in it. Add a rounded teaspoonful of curry powder, stir well, and add the celery, apple and mint. Cook celery with a cover on it, stirring occasionally for about fifteen minutes, then add the chopped asparagus and cook for about ten minutes longer. This makes a good dish to serve with meat.

Oil Painting of Late Hon. Hewitt Bostock Unveiled
OTTAWA, May 22.—An oil painting of Hon. Hewitt Bostock, former Speaker of the Senate, has been unveiled this afternoon. Paintings of all Speakers of the Senate are hung in the neighborhood of the Senate chamber.

SEATTLE POPULATION
SEATTLE, May 22.—The Post-Intelligencer last night published an estimate of the State of Washington's population as 1,530,000; of Seattle as 362,160, and of King County as 455,000. The figures, it claimed, were based on "material available" today.

1929 FRUIT CROP HAS BEEN MOVED, MANAGER STATES
VERNON, May 22.—The fruit crop of 1929 has all been moved, the manager of the Associated Growers will be made to the growers without delay, according to E. J. Chambers, president and general manager of the Associated Growers. The last loads to close were the Newtown, Winesap and Ben Davis. The Newtown will net the growers about \$1.25. In all instances the sum mentioned is to be paid for all sizes and all grades. For Winesap the price to be paid net to the growers will be about 90 cents. For the Ben Davis the price for all grades and all sizes will work out to about 60 cents.

As the payments by the Associated Growers were only made in some part on Wednesday, it will be a little time before the growers will secure their money from the local.

ALL ONIONS SOLD
All onions are sold, the onion pool has not yet been closed. The onions held in storage at New Westminster, although now all disposed of, held up closure which may be possible inside a week. The prices obtained for the onions out of storage were not sufficient to pay all of the extra costs of transportation and of storage, but through holding in cold storage, twenty-eight cars were marketed, which otherwise might have gone on the dump heap, or at best would have taken a very heavy shrinkage. Onions held in

common storage showed as high as 50 per cent shrinkage, and the ones held in cold storage showed only about 15 per cent.

STOCKHOLM, May 22.—Sweden has finished a census and the figures show the population is 6,120,000. During 1929 the number increased 14,890, which is considered an exceptionally low figure.

Of the major cities, Stockholm showed the largest gain and will probably have more than 1,000,000 souls by the end of the year.
